National / AZON Equipment Appoints Vice President of Product Sales & Development

National / AZON today announced that it has appointed industry veteran Steve Kozle to the newly created position of Vice President, Product Sales & Development. This appointment further enhances National / AZON's ongoing commitment to customer service, product knowledge and sales support. In his new role, Steve brings sales and marketing expertise to National / AZON's current product offerings and will assist in bringing a range of exciting new products to market, strengthening the competitive advantage provided to its customers.

With nearly 20 years of experience in wide format printing and imaging technologies at companies such as KIP and Vidar, Steve brings a wealth of experience to the National / AZON Equipment team.

"The National / AZON story is an extraordinary one that fuses an incredibly successful history in wide format equipment and media sales with an exciting vision for its future as ongoing industry leader. We have a great opportunity in front of us to strengthen and expand the products and services that we are able to offer our valued customers" states Kozle.

About National / AZON Equipment

National / AZON Equipment is a leading distributor of hardware and software products, with a special focus on the reprographic, graphic arts & sign making markets. Manufacturing, sales and distribution facilities across North America allow National / AZON Equipment to continuously expand and innovate to meet the ever changing needs of large format printing and scanning professionals. With an intense focus on customer satisfaction, National / AZON Equipment has gained a nationwide presence in the marketplace and will continue to support the principle of reseller only sales to the print for pay and graphics industry.
