With over 100 authorized dealers across the US, Canada and Latin America, ordering products and getting support is easy.

FINANCIAL SERVICES

Get printing today. Mutoh Financial Services creates custom leasing and payment plans that work for you and your business.

WIDE-FORMAT PRINTERS

VALUEJET 426UF

Mutoh's ValueJet 426UF tabletop, UV-LED printer is the perfect fit for any print shop looking to expand their applications and enter the world of UV-LED printing. The VJ 426UF prints on a variety of different materials, including 3D objects, up to 2.75 inches thick. Print limitless promotional items including: pens, phone cases, golf balls, luggage tags, awards and much more! With up to six color capability, including white and varnish ink, you can print on darker colors and add texture for extra effect. The VJ 426UF is engineered with Mutoh's Intelligent Interweave print technique that virtually eliminates banding and ValueJet Status Monitor app for remote printer monitoring. It even includes a vacuum table, Mutoh edition Flexi DX software and one year limited on-site warranty!

MAX SPEED: 89 sqft/hr
INK: CMYK + White & Varnish
PRINT WIDTH: Max 18.6 inches

VACUUM TABLE: Standard
SOFTWARE: Mutoh Edition FlexiSign & Print
WARRANTY: One year limited on-site

VALUEJET 1626UH

UV-LED printing is the most environmentally friendly printing in the wide-format marketplace. Mutoh's UV-LED ink is 100% solid meaning it doesn't contain any VOCs or HAPs, leaving you with exceptional ink quality and a minimal carbon footprint. The ValueJet 1626UH is a workhorse as well. Print a variety of roll materials, or attach the tables and print rigid materials up to a half inch thick. The ValueJet 1626UH prints white ink faster than most solvent printers and gives you the option to print varnish, making it easy to add texture and raised patterns to your prints. Each ValueJet comes standard with Intelligent Interweave print technique virtually eliminating banding. Create high-quality promotional items, packaging prototypes, POP signage, personalization, directional signage and more! The possibilities are endless.

MAX SPEED: 109 sqft/hr
INK: CMYK + White & Varnish
PRINT WIDTH: Max 63.6 inches

TABLES: Standard
SOFTWARE: Mutoh Edition FlexiSign & Print
WARRANTY: One year limited on-site

VALUEJET 1638UH

The ValueJet 1638UH 64" hybrid printer provides real production based UV-LED performance at an affordable price. Its staggered dual print head design provides high print speeds and the dual UV lamps, on either side of the print heads, provide exceptional cure times allowing for higher production capacity. Because it's a hybrid, it not only gives you the ability to print on rigid substrates, it also gives you the flexibility to print on roll media as well. Print on material up to a half inch thick and save valuable floor space with its dual function and multiple application design. The CMYK plus white and varnish ink options are ideal for printing packaging prototypes, POP displays and indoor signage. The VJ1638UH also comes with Mutoh's VSM (ValueJet Status Monitor) app for remote printer management and offers an optional SpectroVUE VM-10 Spectrophotometer for true color management.

MAX SPEED: 220 sqft/hr
INK: CMYK+2, CMYK+ White & Varnish
PRINT WIDTH: Max 63.6 inches

TABLES: Standard
SOFTWARE: Mutoh Edition FlexiSign & Print
WARRANTY: One year limited on-site

VALUEJET 1617H

The ValueJet 1617H gives you the ability to print on rigid substrates, it also gives you the flexibility to print on roll media as well. Its dual function and multiple application design saves you valuable floor space and is ideal for printing packaging prototypes, trade show graphics, POP displays, indoor and outdoor signage, even vehicle wraps. The 1617H also comes with a half inch print height, fast speeds and ability to print white ink, making the VJ1617H a smart choice for all of your printing applications. Mutoh's ValueJet 1617H prints directly onto corrugated plastics, polystyrene, pvc, acrylic, polycarbonate, foam board, aluminum composite, banner material, vinyl, wall coverings and more. Not only does MP Ink give you high performance on rigid substrates, it also prints beautifully on roll surfaces with an exceptionally wide color gamut.

MAX SPEED: 300 sqft/hr
INK: CMYK + White
PRINT WIDTH: Max 63.6 inches

TABLES: Standard / take-up included
SOFTWARE: Mutoh Edition FlexiSign & Print
WARRANTY: One year limited on-site
