ZERO TURN
SCANNING PRODUCTIVITY CENTER

Combined with the power and versatility of the world's leading large-format scanners, the Contex IQ Quattro X and HD Ultra X, the Zero Turn Scanning Productivity Center maximizes operator productivity and facility efficiency.

REAL SCANNING PRODUCTIVITY

WHAT IS IT AND WHY IS IT SO EFFECTIVE?

The Zero Turn Scanning Productivity Center is a single footprint holding table for "*to-be-scanned documents*", a receiving table for "*scanned documents*" and a flat panel display with keyboard/mouse tray. The document handling system utilizes vertical space to achieve one touch document handling.

INCREASE OPERATOR PRODUCTIVITY

- Achieves one touch document handling environment for the scanner operator.
- A productive approach to providing the operator with visual confirmation of scan file quality and easy access to documents, keyboard and mouse.
- Operator can easily load documents into the scanner without losing sight of display monitor.

INCREASE FACILITY EFFICIENCY

- The one-piece vertical design maximizes the use of floor space.
- Occupies only a small area of space.
- Includes left or right mounting adjustable gas spring pole bracket with wireless keyboard and mouse and 22" color monitor.
