

FADGI compliance. Together with Nextimage 6, ScanStation Pro exceeds FADGI 3-star compliance.

# A truly professional solution with a 30% productivity improvement.

Only ScanStation Pro can give you the scanning, copying or archiving performance that surpasses any other product on the market. With as much as a 30% productivity improvement on your current scanning setup your return on investment (ROI) calculation will never have looked so good.

**Works with your IT infrastructure.** Integrate into any Windows PC or networked office environment by adding the Windows computer of your choice. ScanStation Pro scans to all regular file formats and includes full driver support for most Canon, HP, Epson and Océ large format printers.

**Includes Nextimage award-winning software.** Designed specifically for fast batch scanning, Nextimage brings out every detail in your originals. Nextimage integrated printer drivers automatically connect with all your printers.

**Your full, open system.** Scanner, 22" full HD touchscreen, Nextimage REPRO software, height-adjustable stand, PC basket and keyboard tray. Simply add a PC.

#### Powered by X-Rite®

The ICC Color Management in Nextimage 6 software is made with X-Rite® color profiling.

#### Fast batch scanning

Save valuable time with the batch scanning feature that can automate a big chunk of your workflow.

#### Swipe, pinch and zoom

Use all the classic touchscreen hand gestures and edit away.

### **Edit with superb clarity**

The 22-inch integrated HD touchscreen lets you work with your scanned files in high definition.

# Adapts to your company infrastructure

Pair up your ScanStation Pro solution with your existing office equipment. The hardware and software fits like a glove into most office environments.
